LinkedIn | GitHub

Professional Summary

Artificial Intelligence undergraduate with hands-on experience building AI-powered applications and full-stack systems using Python, FastAPI, React, and SQL. Experienced in machine learning, computer vision, LLM-based applications, and retrieval-augmented generation (RAG), with practical exposure to API development, automation, deployment, and technical problem-solving.

Education

Marwadi University **2023 – 2027**
B.Tech in Artificial Intelligence *CGPA: 9.08/10*

Experience

The Venture Build (TVB) **Sep 2026 – Present**
Agentic AI & Automation Intern *Remote*

- Contribute to AI-powered automation workflows using Python, APIs, and AI services for practical business processes.
- Analyze workflow requirements, investigate edge cases, and support reliable implementation and technical documentation.

CodeAlpha **Mar 2026**
Full Stack Developer Intern *Remote*

- Developed FastAPI backend services and integrated React components; implemented JWT authentication and PostgreSQL-backed data management.

OctaNet Services Pvt. Ltd. **Jun 2024 – Aug 2024**
Python Developer Intern *Remote*

- Built Python automation scripts for data processing and workflow automation, reducing manual effort by 70–80%.

Technical Skills

Programming: Python, SQL
AI / Machine Learning: Scikit-learn, OpenCV, Computer Vision, LLMs, RAG, FAISS
Backend & APIs: FastAPI, REST APIs, JWT Authentication
Frontend: React.js, TypeScript, JavaScript
Databases & Tools: MySQL, PostgreSQL, SQLite, Git, GitHub, Docker
Deployment: Render, Vercel

Projects

SkillForge – AI-Powered Learning Platform *Python, FastAPI, React, MySQL, FAISS, Gemini API*

- Built an AI-powered learning platform combining LLM-based assistance, semantic retrieval, and FAISS-backed RAG to deliver context-aware learning support and personalized recommendations.
- Developed REST APIs and database-backed functionality for user management, quizzes, flashcards, and learning analytics.

Smart ID Verification & Forgery Detection System *Python, OpenCV, FastAPI, ArcFace, OCR*

- Developed an identity verification workflow combining face verification and OCR-based text extraction to support identity checks and document-fraud analysis.
- Integrated backend APIs for verification workflows and structured reporting.

AccessGuard – Web Accessibility Audit Platform *Python, FastAPI, BeautifulSoup, SQLite*

- Built a web auditing platform that analyzes website accessibility, generates remediation suggestions, maintains audit history, and produces downloadable PDF reports.
- Deployed the frontend on Vercel and backend on Render.

Patent & Publication

Patent Filed (India) – Thermal Management System for IT Infrastructure, 2025.
Book Chapter Co-author – Ethical AI-Driven Rehabilitation Systems, 2025.

Certifications

Microsoft Azure Fundamentals (2026) | AWS Academy – 6 Badges (2025)
IBM Python 101 (2024) | Oracle SQL (2024)

Languages

Telugu, English, Hindi
